

E CLASS CONSOLE

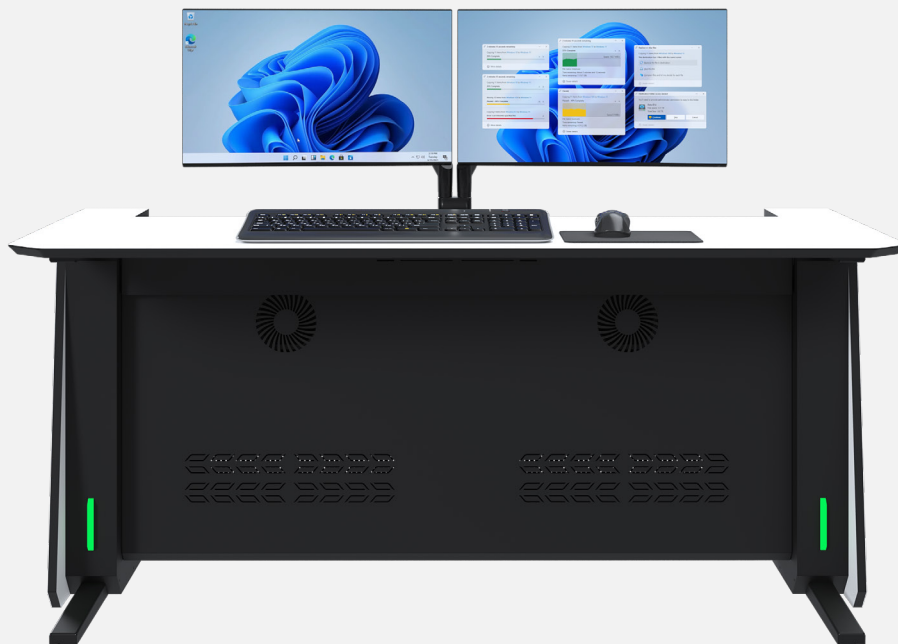

CONNECTED TECHNICAL FURNITURE

www.ctfconsoles.com

The E Class is ideal for customers who want top-tier performance but are mindful of space and only need up to two CPUs per operator. Its sleek, modern design and compact footprint make it a popular choice for efficiency and style.

MATERIALS

Powder coated mild steel and HPL

FINISH

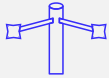

Powder Coated

GENERAL DIMENSION

- 1200mm L x 750mm D
- 1600mm L x 750mm D

FEATURES

Scalable straight configuration modular security desk consoles fitted with **height adjustable 2-monitor tilt-swivel & swing desktop monitor brackets for multiple monitor sizes** on standard VESA mounts.

Adequately provisioned **ventilation slots within equipment compartment panels** allow for a more homogenous natural ventilation effect on air distribution flow within the internal equipment compartment.

Led lightning at both ends with touch pad to adjust brightness.

Swing-out computer CPU shelving provisions at front and rear panel doors with harness straps.

The Console has a discreet channel duct which allows for easy cable access.

Integrated under-the-table equipment cabinet provides a secure storage compartment for computer workstations and vital control equipment from within the desk console unit.

Main frame and sub sections are **constructed out of mild steel tubular and sheet plates**, powder coated to a textured matt finish. Work surfaces are HPL panels with perimeter rubber edge lipping all around.

Built-in slotted cable management system within main frame carcass and bottom panel.

Pre-engineered modular construction design, flat-pack profile for complete bolt-on assembly at site.

**Locally designed and
manufactured in Dubai using
materials of the highest quality
and the latest machinery.**
